Validity: 90 days

Synthetic demonstration data. All parties and values are fictional.

1. OFFER

We are pleased to offer for the above package on the basis of the documents issued with your enquiry.

Item	Value
Tender sum (excluding VAT)	EUR 5,853,540
Currency	EUR
Programme, instruction to completion	34 weeks
Validity	90 days from the date of this offer
Form of subcontract	YSE 1998, subject to section 4 below

2. INCLUSIONS

- Site clearance, topsoil strip and disposal
- Bulk excavation in glacial till and cart away
- Rock excavation by blasting in the eastern third of the plot, including vibration monitoring and pre-condition surveys
- Pad, strip, direct-to-rock and rock-socketed foundations
- Ground beams, pile caps and ground-bearing slab (25 kN/m2, FM2)
- Dewatering of perched water in the till
- Substation cable basement waterproofing

3. EXCLUSIONS

The following are **excluded** from our tender sum:

- Rock excavation priced as provisional at 2,600 m3; volumes above that at a provisional rate
- Disposal of sulphide-bearing material near BH-12 excluded pending waste classification
- Unrecorded made ground in the north-west corner excluded

- Archaeology watching brief and any stop-work excluded

4. QUALIFICATIONS

- Vibration limits assumed as 4 mm/s peak particle velocity at the nearest structure; a lower limit will require re-pricing
- Blasting productivity assumes two blasts per week within the permitted 08:00-18:00 window

5. EXCEPTIONS TO THE FLOW-DOWN TERMS

Item	Our position	Note
Liability cap	5% of the subcontract sum	Main contract carries no equivalent cap in our favour
Delay damages	Not accepted	We carry EUR 18,000/day on Section 1
Payment	21 days from invoice	Main contract pays us at 45 days

6. PROGRAMME AND LEAD TIMES

We require **34 weeks** from instruction to completion of our works, sequenced to suit your sectional completion dates.

Long-lead items are stated in our qualifications above where relevant.

7. SIGNATURE
